

REPRESENTATIVE DRIEHAUS WELCOMES HHS FUNDING FOR UNIVERSITY OF CINCINNATI

WASHINGTON, DC—Representative Steve Driehaus today welcomed an announcement by the Department of Health and Human Services (HHS) of an award of \$730,835 for the University of Cincinnati. The award will support research efforts at the university.

“The University of Cincinnati has established itself as a top research university focused on many areas of study. Funding these programs is critical for the university to continue to its important work. This investment will benefit the greater Cincinnati area while maintaining the university’s reputation as a high caliber institution,” said Rep. Driehaus

This funding will support two different projects. A project entitled, “Developmental Regulation of Intrinsic Excitability in Spinal Pain Networks,” will receive \$330,969 and will be under the direction of Mark L Baccei of the Department of Anesthesiology.

A second project entitled, “MWF Mycobacteria antigens in occupational hypersensitivity pneumonitis,” will receive \$399,866 and will be under the direction of Professor Jagjit Yadav of the Department of Environmental Health.
